ecomapping®

Welcome on the portal of the Ecomapping Network

This webbased tools and online assistants are for the users of Ecomapping, Iso Easy and EMAS Easy applications.

They intend to support consultants in group and cluster approaches to facilitate and save time in the ISO 14001 and EMAS documentation process to help SME's during a 3 year cycle with their Internal documents and monitoring.

This tools can only be used by consultants having the proper qualification.
